NVE will be closed May 28 for Memorial Day.

**New Web App**

NVE's new angle sensor [Web application](#) lets you simulate common diametrically-magnetized magnets with various NVE angle sensors:

The handy app includes a variety of magnets and sensors, and does the complex math for you.

**Distributor News**

 **PEWATRON** Long-time NVE distributor *IS-Line* has combined its activities with *Pewatron* through the Swiss Angst+Pfister Group.

The combination makes them even more powerful partners in the sensor market. The Pewatron sales team is fully trained and ready to help customers use NVE sensors—the best sensors in the world.

**Recent Conferences**

 NVE researcher Joe Davies co-authored a paper presented at the Intermag Conference titled, "[A Magneto-elastic Correlator Using Acoustic Wave Pumping of Spin Waves.](#)"

**Upcoming Conferences**

**Power Conversion and Intelligent Motion (PCIM),** June 3 to 7, Nürnberg, Germany

NVE distributor Hy-Line Power Components (stand 9-525) will display our products, including the new [IL01x Low-Power Isolators](#) and [IL2985E Low-Power Transceivers](#).

**Sensor+Test 2018,** June 26 to 28, Nürnberg, Germany

NVE sensors will be on display in cooperation with distributor Pewatron/IS-Line (stand 1-333). There are [sneak peeks of our Sensor+Test demonstrations](#).
